# HeatTrak® Products

## Heated Outdoor Safety Treads

HeatTrak's Heated Outdoor Safety Treads are electrically heated mats designed to prevent snow and ice accumulation on stairs.

The treads are portable and plug into any standard 120V outlet generating heat to melt snow at a rate of 2" per hour. Each tread is designed with watertight connector cables enabling it to connect to additional Safety Treads or Walkway Mats. A customer can connect up to 18 treads on a single control unit (sold separately). Model No: HR10-30. Size: 10"x30". Watts (per tread): 80. Amps 0.7 Surface Material: Customized Thermoplastic. Color: Black. MSRP: **For more info go to: [www.snowprotectionsolutions.com](http://www.snowprotectionsolutions.com)**

**All mats connect to cover larger areas**

## Heated Outdoor Walkway Mat

Reduce slip-and-fall accidents outside your home with HeatTrak's Heated Outdoor Walkway Mat. This electrically heated mat is designed to prevent snow and ice accumu-

lation on walkways around the home. The mat is portable and plugs into any standard 120V outlet generating heat to melt snow at a rate of 2" per hour.

Each mat is designed with watertight connector cables enabling it to connect to additional Walkway Mats or Safety Treads. A customer can connect up to five mats on a single control unit (sold separately). Model No: HR20-60. Size: 20"x60". Watts: 300. Amps 2.5 Surface Material: Customized Thermoplastic. Color: Black. Standard

## Control Unit

Every HeatTrak system requires a control unit to allow power to flow to the mats. The HeatTrak® Control Unit has a built-in ground fault circuit interrupter (GFCI) and plugs into any standard 120V outlet. The control unit connects to either the Heated Outdoor Safety Tread or

Heated Outdoor Walkway Mat via a patented watertight connector mechanism to make connecting easy and safe. The Control Unit comes with 6' of cord. A single control unit can power up to 5 walkway mats, 18 safety treads, or a combination thereof (up to 15 amps). Model No: HR-P. Electrical Rating: 15A.
