IBC Tote Heaters

Heating IBC totes is a very important issue especially when the temperature drops below freezing. **Tote heaters** from Powerblanket, distributed in Canada by Power Plant Supply Co <mailto:atlantic@powerplantsupplyco.com>, make it easy to heat totes even in the most adverse weather conditions. Powerblanket tote heaters are designed to be light weight, durable, reliable, and cost effective.

Totes are large containers that store important products and materials such as food, chemicals, resins, spray foam and other chemical sensitive items. In cold temperatures, these items can be spoiled or ruined costing a lot of money and causing a lot of grief to the owner.

Fortunately, Powerblanket's patented heat spreading technology has been utilized in our complete line of **IBC tote heaters**. Powerblanket's **tote heaters** come complete with thermostat controllers to ensure your totes are heated to the proper temperature for your storage item.

275 Gal Tote Heater - (#TH275)

The Powerblanket TH275 **Tote Heater blanket** is designed to warm, insulate, and protect temperature sensitive materials in all weather conditions. The new TH275 tote heater by powerblanket is ideal for heating chemicals, rubber, epoxy, resins, water, and other temperature sensitive materials. Includes a GHT2000 adjustable thermostatic controller. Think of it as our barrel heater on steroids.

330 Gallon Tote Heater - (#TH330)

Powerblanket's TH330 **tote heater blanket** is, not surprisingly, very similar to the TH275. The only difference is, of course, the **SIZE** of the tote it can heat! With this bad boy, you can heat up to 330 gallon totes at the exact temperature that your storage product needs. If you need a tote heater that can handle the **BIG** job, the TH330 tote heater is your blanket.

Custom Tote Heaters

For those looking for a custom sized **tote heater blanket**, Powerblanket can cut out the perfect sized tote heater blanket. Custom Powerblanket tote heaters are available for almost any size or shape tote or large pallet. Call or e-mail Power Plant Supply Co <mailto:atlantic@powerplantsupplyco.com> for a custom price quote. CALL 902 435 9899, 416 752 3339, 709 747 7650
